

Beneath you will find an overview of the specifics of TwinTube DN 110mm Black on Bars (02/DWPE111/3).

Test and determination of technical values in reference to ISO9969 (Standard Thermoplastics pipes -- Determination of ring stiffness) and empirical knowledge of laboratory GrainPlastics B.V.

Technical specification PE drainage pipe

Material	HDPE
Colour	Black
Outer diameter	Ø 110mm
Inner diameter	Ø 94mm
Length	3 meters
Ring-stiffness	SN8 (test method ISO 9969)
Perforation	1,5x16mm
Perforations per m1	308x

With this declaration of conformity GrainPlastics declares that the products conform to the requirements as stated in above mentioned product technical regulations and declared product properties.
